This diagram shows the front of the model with the orange and grey base. A long grey Technic beam (1x15) is being attached to the front. The beam is secured with black pins and connectors. A red 1x2 plate is attached to the end of the beam. The assembly is shown from a perspective view.

A perspective view of the completed LEGO Technic model. The model features a long grey Technic beam with black pins spaced evenly along its top. The base is constructed from orange Technic bricks and grey Technic components. A black motor is mounted on the left side of the base. The model is supported by two black wheels at the rear. The overall design is compact and functional, suitable for a small-scale robotic application.
