Welcome to Midnight Valley

In a town frozen at perpetual midnight, due to a mysterious event, villagers have happily embraced the oddness. Nothing sits quite straight and everything feels perfectly peculiar. At the heart of Midnight Valley stands the old Mayor's Manor. Once grand, now delightfully askew, its roof bends at ambitious angles, its walls lean like old friends trading stories and a crooked tree has made itself comfortable in the brickwork. Still, the mayor, the maid and the butler take great pride in maintaining the noble manor in all its charming splendour. The doors stay politely shut, the key to the city has been missing for years, but bold visitors may find hints of lives once lived, curious clues beneath a creaking floorboard or perhaps even unlock the secret of the missing key...

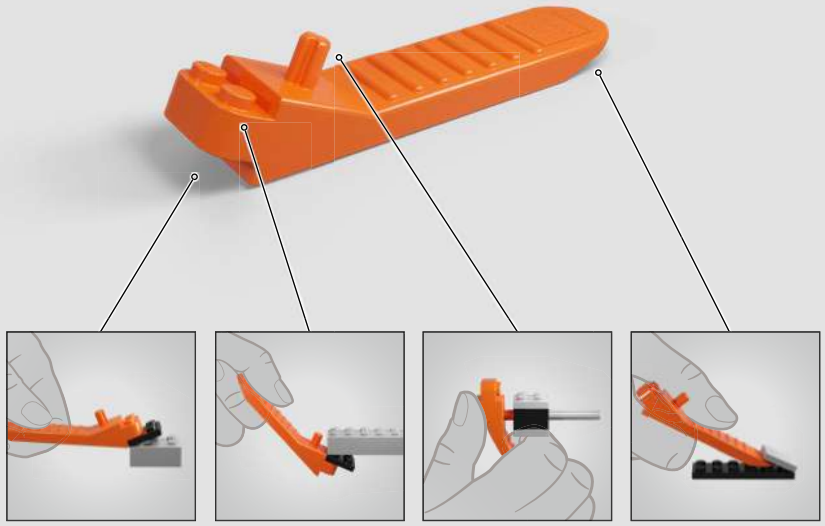

"No monsters lurk in the corners, just a glowing cast of characters to play cat and mouse (or rat) games with your imagination!"

The LEGO® Icons Design Team

From the LEGO® Icons Design Team

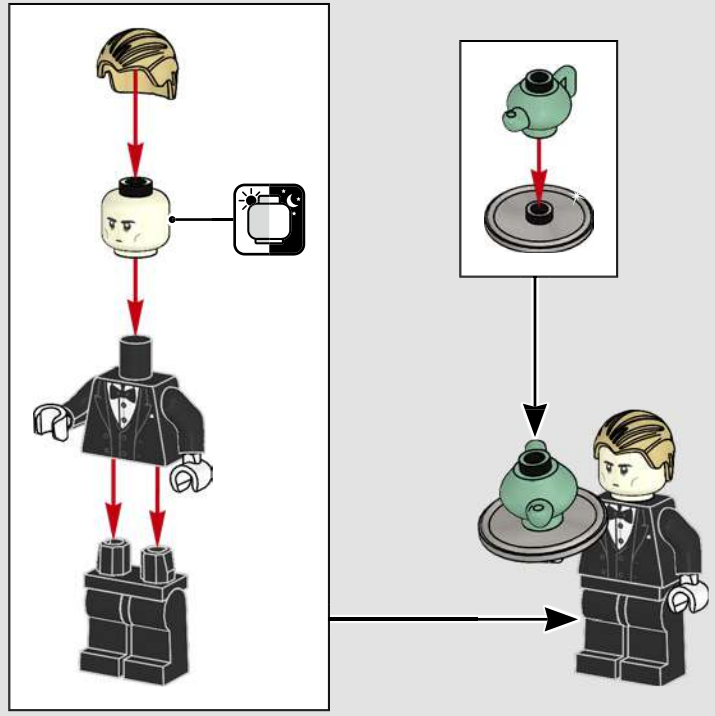

You have entered a new world of eerie LEGO® building, where distorted, tilted and asymmetrical constructions create a haunting atmosphere. We created the whimsical, deconstructed symmetry look with disruptive elements and building techniques like reflected triangles, the 1x1 transparent plates combined with the fence element for a beautiful stained-glass effect, and the rebellious tree that is damaging the facade. We hope this model will add a new spirit to your LEGO village all year round, or as part of your Halloween decorations.

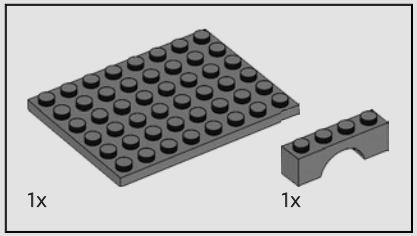

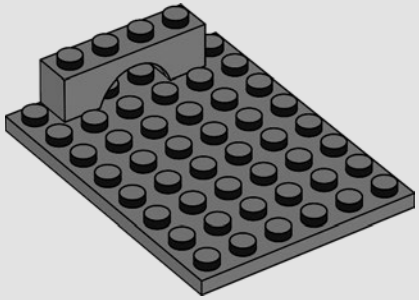

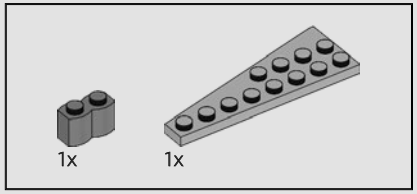

The residents of the house rarely rest. At night, don't be alarmed if you detect the distinctive glow of the minifigure characters as they shuffle about, doing odds and ends to keep up the place.

This is the portrait of the owner and lady of the house, Madam Mayor. But who is the mysterious figure wreaking havoc in the background?

It wouldn't be a proper mansion without a good-old medieval suit of armour.

The cat is the mayor's pet. Ever the attention seeker, it usually answers to 'cat'. But you know cats. It will ignore you at will. This is the first time a LEGO® cat element appears in this ochre-yellow colour.
