LEGO® Specs

Pokémon Red / Pokémon Blue

Once a Trainer, **always** a Trainer

You felt the thrill of your first catch and were instantly pulled into a new world full of shared adventures that lasted days, months and even years. And now, you can relive some of the most memorable milestones of your Trainer journey in LEGO® form. We worked closely with The Pokémon Company International to build some of the most beloved and iconic characters. If you grew up with Pokémon in the '90s, we hope these sets will reignite the wonder of your first steps into this incredible world. If you're just discovering your journey, you can train, bond, build and grow alongside your chosen Pokémon.

Experience epic battles with your Pokémon – they're just waiting to burst out of their boxes and embark on this journey with you!

For your **Trainer journey**

Each step on your Trainer journey is full of anticipation; experiencing bonding moments, how you learn to prepare your Pokémon for its first battle and how you can help it grow stronger. You can start or pick up your training wherever you like with these LEGO® Pokémon™ sets! Which one will you add to your team next?

Go big with Venusaur, Charizard and Blastoise

Pokémon Yellow

Battle with **Pikachu**

For fans around the world of all ages, Pikachu is a beloved Pokémon icon and regarded with deep affection and nostalgia. You can take this Pokémon from cute and adorable to battle-ready action with the change of a pose! Pikachu is a classic example of the amazing creatures we have met over the decades, and the stories that keep us coming back to the Pokémon universe.

Pokémon Emerald

Pokémon: Let's Go, Pikachu!

From the **LEGO®** **Pokémon™** Trainers

Recreating Pikachu's cute and curved shapes and dynamic pose in LEGO® bricks was a fun design challenge – and we hope this comes across in your building experience! In LEGO building, the simpler a shape appears, the more challenging it is to build. The bottom of Pikachu's face, for example, uses a combination of clips and bars, reversing the studs' direction to connect it to the rest of the head. New LEGO elements helped us recreate Pikachu's smooth shapes, proportions, fierce personality and – not least – cuteness! Even the tail required design workarounds, and the central support structure had to be sturdy enough to hold 1,300 LEGO elements and still have a hollow space for the secondary stand. You can pose your Pikachu in mid-leap from the Poké Ball, ready to jump into action as your battle buddy, or off the structure, just looking straight-up adorable!
